Subject: AUM Workgroup - February 2 Potential Agenda Item

Good afternoon Russ and Deb –

Happy New Year to you both!

I was going to ask today if the workgroup wanted EPA Region 6's National Priorities List Coordinator, Brenda Cook, to provide a brief (5-10 minute) overview of the potential proposal of the San Mateo Creek Basin to the NPL and then respond to any questions the group may have.

As part of the Region 6 outreach on the NPL proposal, we would like to take advantage of the workgroup's membership and explain what we are planning to do. Since today's call was cancelled, could we add the San Mateo Creek Basin NPL Proposal to the agenda for the next scheduled call on February 2?

Regards,

Kevin
